Summary

Detail-oriented and solution-driven Software Engineer with experience in building scalable web applications and andoid applications, optimizing backend systems, and solving complex coding challenges. Strong foundation in data structures, algorithms, and full-stack development.

EXPERIENCE

Vinidra Softech   Bengaluru(Remote)
Full Stack Development Intern   Sep 2025 – Present
- Built SAAS Platform which provides pdf extraction service on pay as you go model with help of razorpay integration payment taken.
- Built ERP for school which consist of website for the superadmin,a admin and teacher and also app for students and teacher which reduces the manual work of the users by 70-80%.

Pranaksh Technologies   Belagavi
Java Application Development Intern   Sep 2024 – Dec 2024
- Built Java applications using OOP principles, GUI design, and MySQL integration, reducing manual processing time by 30%.
- Designed and implemented 3 interactive GUI modules and optimized queries, improving application efficiency by 25%.

Softmusk Info Pvt. Ltd.   Belagavi
Cloud Computing Intern   Nov 2023 – Dec 2023
- Deployed and managed cloud infrastructure on AWS EC2 and DigitalOcean for 2 live projects, ensuring 99% uptime.
- Automated deployments with Docker, reducing setup time by 40%.

ACHIEVEMENTS & CERTIFICATIONS

- Winner, Think Bots Coding Quiz (2023)
- Winner, Code Prahari (2025)
- Winner, Digital Decipher (2025)
- 1st Prize, Smart Campus Navigator Hackathon (2025)
- Service Race: A Comprehensive Platform for Service Providers and Customers – presented at INCET, 2025
- Top 25 Finalist – Crisis Response Platform Hackathon, competing among colleges like RV, IIT, and Manipal (2025)

PROJECTS

Saas Platform   2025
- It is an internship project in which it has the pdf extractor service is provided as Software as a service with the razorpay payment, postgre sql as database.

School ERP and Mobile App   2025
- It is a full stack project built in the internaship in this it having four roles superadmin, admin, teachers, students for the superadmin, admin, teacher it is having websiteand for the students and teachers it is having mobile app which built using react native.

ServiceRace   2025
- Full-stack platform connecting customers and professionals (Engineered scalable architecture, Top 7 Finalist in national-level hackathon).

Smart Campus Navigator   2025
- Campus navigation website with map APIs and AI chatbot (Created interactive features, 1st Prize in national-level hackathon).

Crisis Response Platform   2025
- Emergency reporting system with AI chatbot and web portal (Implemented real-time communication, Top 25 Finalist in national-level hackathon).

Education

Jain College of Engineering & Research   2022 - Present
B.E. Computer Science Engineering – CGPA: **9.34**

Govindram Seksaria Science College   2020 - 2022
Pre-University (PCMC) – Percentage: **92%**

Thalakwadi High School   2017 - 2020
High School (SSLC) – Percentage: **91.04%**

TECHNICAL SKILLS

- **Languages:** Java, C, C++, JavaScript, Python
- **Web Development:** HTML, CSS, Tailwind CSS, React.js, Vite, Node.js, Express.js
- **Databases:** MongoDB, SQL,PostGre SQL
- **Cloud & DevOps:** Netlify, Render, AWS (EC2), DigitalOcean, Microsoft Azure, Google Cloud, Docker
- **Other Tools:** Git/GitHub Version Control, REST APIs, Razorpay Integration, Canva, Figma, ChatGPT and additional AI tools like cursor, windsurf etc
